His Excellency
Ambassador Mariano Puga
Embassy of Chile
2305 Massachusetts Avenue, N. W.
Washington, D. C.

Dear Mariano:

It may seem somewhat belated, (but they say - better late than never) to thank you now for the delightful Chilean art ash tray. They are always useful and this, in addition, is particularly ornamental.

Clover and I each thought the other had already thanked you, but it was only the other day when we compared notes that we found that each had failed to do so.

We greatly enjoyed the ballet the other evening.

Sincerely,

SIGNED
